## WEB COMMUNICATION

At WEB, we will be using the following methods of communication with our WEB families:

1. The school website is updated throughout the year.
2. The school newsletter and calendar will be posted to the website each month and an email reminder will be sent.
3. Weekly emails from Mrs. Tye to families will contain information about the coming week.
4. The WEB Facebook page will provide regular updates during the school year.
5. Many teachers use DSBN email and phone calls to parents on a regular basis.
6. Teachers are currently working on creating their online platforms. We will be using D2L and/or Google Classroom for all our classes. Parents are invited to check out these websites on a regular basis.

## GRADE 8 GRADUATION DATE

Mark your calendars! Our grade 8 Graduation will be held on Friday, June 25. We will be providing more information in the spring.

## ENSURING STUDENT SAFETY

Each year, all DSBN schools engage in several activities to ensure student safety. These consist of fire drills, lockdown drills, shelter in place and hold and secure. The purpose of these is to ensure a predictable response to emergency situations, practice expectations in various situations and identify problems/weaknesses in plans. All staff are provided with an Emergency Folder that contains an outline of emergency procedures, class lists with emergency contact information, a whistle, flashlight, as well as red and green cards for indicating whether teachers have all their students. Two of these safety measures that we will be addressing in September are outlined below.

### School Expectations

Homeroom teachers take time during the first week of school to review student expectations for several areas of the school. These include the classroom (including nutrition breaks), fitness breaks, playground equipment, the gymnasium and learning commons. Classes discuss their TRIBES agreements which consist of mutual respect, attentive listening, appreciation statements, and the right to pass. These agreements help guide student actions, no matter where they are in the school.

### Fire Drills

Fire drills are conducted three times in the fall and three times in the spring. Teachers review expectations for students during fire drills and reinforce them during the drill. Our first fire drill will be on October 1st. All other drills occur unannounced to staff and students. Once the fire drill is completed, we always reassure our students that we were just practicing and there was not a real fire.

Due to Covid restrictions, we will practicing fire drills a little differently this year. Instead of all classes heading outside the closest door at the same time, we will have the students exit the doors one class at a time, ensuring that our students continue to physically distance from one another.

## GRADE 8 HOODIES AT WEB

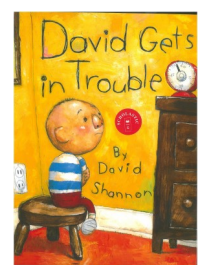

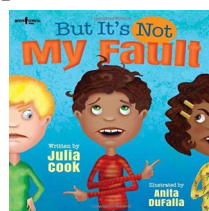

During the month of October, our grade 8 students will have the opportunity to purchase “Grad Hoodies”. In June, the grade 8 students had a design contest and in September, they confirmed the design. Students may purchase their grad hoodies through the WEB virtual store at Buckners. Click on the link below.
